### From Submitted Reports

BOLINGBROOK -- Citizens Utility Board experts will provide consumers with the latest tips to make their homes more energy efficient at 7 p.m. Tuesday at the Fountaindale Public Library.

Experts will discuss how to schedule a home energy audit, get new rebates for energy-efficient appliances and take advantage of financial incentives for wind, solar and other renewable energy investments.

"Energy efficiency is a great uncaptured resource," CUB Outreach Director Sarah Moskowitz said.

Space is limited. To register, call 630-759-2102.

### 'Doomsday budget' meeting

JOLIET -- Education Service Network's staff, students and parents of students will meet at 7 a.m. today at Premier Academy, 51 W. Jackson St., to travel to the state Capitol to talk to legislators about the damage that will occur if the governor's "Doomsday budget" is implemented.

The proposed budget cuts would devastate, if not completely eliminate, programs delivered by ESN in the areas of early childhood education, alternative school classes and services, after-school programs, and substance abuse prevention classes and services.

"At-risk children could be the biggest victims if the General Assembly does not find a way to fully fund the state's budget," said Jeffrey May, ESN's executive director.
