

CUB Lower Phone Bills

Print Article

Reported by: WMBD/WYZZ NEWSROOM

PEORIA - The Illinois Citizens Utility Board wants to help you save money on your phone service.

CUB's new phone saving center is designed to help you figure out how to lower your monthly bills on both your land-line and cell phone.

CUB representatives are urging Illinoisans to check out the program. CUB also advises dropping the optional AT&T linebacker service the insures the phone wires inside your home because they say repairs to those wires are rare, occurring about once every thirty years.

They say dropping linebacker will cut your phone bill by \$90 a year.
