CUB URGES CONSUMERS TO ATTEND AMEREN RATE-HIKE HEARING

The Citizens Utility Board (CUB) is urging consumers to let their voices be heard at a public hearing scheduled by state regulators regarding Ameren's proposed \$226 million rate hike.

The rate-hike plan would affect Ameren CILCO, AmerenCIPS, AmerenCIPS-Metro East, and AmerenIP customers, with about \$181 million coming from increases in electric rates and \$45 million coming from natural gas increases. The proposal came less than a year after state regulators granted the company a \$162 million increase, which CUB is appealing.

"The Illinois Commerce Commission (ICC) needs to hear how this rate hike would burden hardworking Illinois consumers," CUB Executive Director David Kolata said. "Ameren's parent company reaped more than \$600 million in 2008 profits and consumers are struggling to pay their bills. It's the worst possible time for a rate hike."

CUB and the Illinois Attorney General recently released a report showing the company overspent consumers' money by more than \$158 million in 2008.

The hearing is:

7 p.m., Tuesday, Oct. 27, 2009

Pekin City Council Chambers

111 S. Capitol St.

Pekin

CUB encourages consumers to visit www.StopAmeren.com, which provides information on how they can let state regulators know they are opposed to the rate hike.

CUB is Illinois' leading nonprofit utility watchdog organization. Created by the Illinois Legislature, CUB opened its doors in 1984 to represent the interests of residential and small-business utility customers. Now celebrating its 25th anniversary, CUB has saved consumers more than \$10 billion by helping to block rate hikes and secure consumer refunds.
